

# Bethel Lutheran Preschool 2022-2023 Early Childhood Programs

## 1st Semester Afternoon Enrichment Classes

**Dates: Sept. 8-Dec. 9 (on days preschool is in session)**

**Time: 1:00-3:00 PM**

**Tuition per class: \$140**

### **Mondays: STEAM**

STEAM activities allow preschoolers to use all parts of their brains, helping to develop creative and critical thinking, logic, patience, motor skills, and so much more! We will build, create, make a mess, experiment, tinker, and have a blast all while learning about Science, Technology, Engineering, Arts and Math.

### **Tuesdays: Art Safari**

Grab your passport, and let's take a trip! We will "visit" a new country each week and learn all about the animals native to that location, with a sprinkle of literature, a splash of games, and a whole lot of art. We will travel the world without ever leaving school!

### **Wednesdays: Outdoor Adventures**

Using Bethel Preschool's brand new outdoor classroom, we will take our adventures outside! Being outdoors engages all of our senses as we explore the world around us, through hikes, using nature to create art, planting and growing flowers and plants, and enjoying all Mother Nature has to offer. While we will plan to spend time outside every day regardless of the weather, some activities may take place indoors in the case of excessive rain, snow, heat, or cold.

### **Thursdays: Music & Movement**

Let's make some music and move our bodies! Preschoolers will have the opportunity to develop motor skills and math skills while having fun experiencing music and rhythm in new ways. Our afternoons will be filled with active songs, creating and playing various instruments, musical games, and activities designed to keep us all moving and grooving.

### **Fridays: Spanish**

There are so many benefits to learning a foreign language, especially for young children. Our preschoolers will enjoy songs, games, stories, and activities utilizing the Spanish language, to help them develop a wonderful foundation for further language learning as they grow.
