Principal Update

This year has gotten off to a fantastic start! From what I am observing, the beginning of this year has exceeded my expectations and we are adapting and making small changes every day to continue to improve.

I really appreciate the diligence of the parents in keeping students home when not feeling well. So far, through the efforts of everyone involved, we are Covid-free and we hope to continue on that path as long as possible.

I also am happy with the way our after school pick up procedure is progressing. We are shortening the time little by little every day. We will be making some more changes to it next week as we need to prepare for the opening of preschool and will have many cars in the back parking lot after school. I will be sending out a separate email on this subject.

Thank you for your continued patience as we work through this.

John Jacob
