The Morton Public Library wants to make sure every student has the most important school supply of all – a library card. The Bethel Lutheran School Board has an agreement with the Morton Public Library District to provide library cards for students, who do not reside in any library district.

Through this agreement all students attending Bethel Lutheran School are eligible for a student use card, which will give them access to a wide range of library resources from books to hoopla digital to our research databases such as e-library. Students can turn to the library for materials, programs and knowledgeable library staff that support academic achievement.

Access to a public library has far reaching value for students as they read and learn, now and into the future. Librarians provide important resources to families whose children are at the earliest stages of development, by teaching parents and caregivers the components of early literacy which help children develop the basic tools for school readiness.

Older students can access high-speed Internet, digital tools and the opportunity to work with trained professionals on how to use them. Librarians provide guided training in digital media and grow digital literacy skills.

To receive your student use card, please bring proof of enrollment at Bethel Lutheran school to the Morton Public Library along with proof of home address. This card will be a student use only card and cannot be used to check out DVDs. It will be good through August 15, 2020, so students can enjoy the Morton Public Library's summer reading program as well.

## SCHOOL PRAYER TIME

**Be joyful in hope, patient in affliction, and faithful in prayer. Romans 12:12**

We will have a short devotion, time for sharing, scripture reading, and of course, prayer! Bring your coffee/drink of choice and join us for some time of connecting with each other and Jesus!**

**If you have a prayer request and can't make it, please shoot me a text and we will make sure to lift your request up in prayer.**
